# IT'S HERE!

## DEDICATION

"Alice Jones was definitely the best teacher that I ever had," Dr. Marshall said when asked about Mrs. Jones. "She was my inspiration," he continued: "Alice Jones was the only teacher that I ever had who could bring a class under control by simply standing still and glaring at the students." She was the Mathematics and Religious Knowledge teacher when Dr. Marshall attended Warwick Academy during the 1940's.

Alice Jones was a product of Victorian America. She was born Alice Oglee on 27th October, 1894, in Atlantic Highlands, New Jersey. She attended the New Jersey State Teachers College where she was placed fifth in her class of two hundred, and graduated with First Class Honours. Alice then taught at Franklin High School at Lyndhurst, New Jersey, where she was quickly promoted to Assistant Principal.

Alice came to Bermuda on holiday in the early 1920's and met her future husband, Charles Jones. She moved to Bermuda soon after, and during the 1920's and 1930's attended to the needs of her young family. With her family grown up, Alice decided to return to the calling which had so motivated her in her formative years. On 1st September, 1940, she renewed her teaching career by taking up duties at Warwick Academy. Alice was to remain permanently on staff until 31st August, 1959. However, she also taught at Warwick Academy on a temporary basis until 1964.

As a teacher, Alice was known as a strict disciplinarian and she quickly became the Senior Mistress. Alice taught many of our local personalities such as Harry Viera and our own Dr. Marshall. She is remembered with affection by all whom she taught. She was to be the inspiration of many generations at Warwick Academy students during the 1940's and 1950's.

Since her retirement Alice has continued to display the energy and drive which marked her as a great teacher. She has been to Japan three times to visit her son, Charles, and she continues to attend as many Warwick Academy functions as possible. Alice, even in retirement, has shown her affection for Warwick Academy.

This dedication is to let you know, Alice Jones, that you are always more than welcome at Warwick Academy. Thank you for giving a part of your life to this great school.

## THE YEARBOOK OF WARWICK ACADEMY, BERMUDA

# SUMMER OF 1986

## EDITOR'S NOTE

Selecting a theme for the yearbook always presents an interesting challenge for the Yearbook staff. They have to consider the possibilities of its development through the edition, while at the same time choosing a theme with which the reader will feel comfortable. This particular Yearbook has been dedicated to a past excellent Warwick Academy teacher, Alice Jones. In keeping with this idea the staff decided to CELEBRATE the excellence of our school, staff and students.

As the introduction to our book we have chosen to illustrate pictorially an old hymn which the school sings traditionally on Prize Night. "Our father, by Whose Servants," is a hymn which not only stresses the nature of excellence, but is also a celebration of those who possess it. So, on the following pages, we invite you not only to strive for excellence, but to celebrate along with us, the excellence of Warwick Academy.

As excellence conveys the idea of growing and getting stronger, it seemed a good idea to show our students in their infant stage. As the photographs clearly show, Warwick Academy students are already inquisitive about their world, are already excited about their environs and are already showing that spark which will set them apart as excellent students. Regard young Andrea Cann. Andrea is already practicing that familiar and modest reaction to success, which our students are habitually forced to assume upon receiving the expected news of further academic honours.

Our Father, by whose servants  
Our house was built of old,  
Whose hand hath crowned her children  
With blessings manifold

For thine unfailing mercies  
Far strewn along our way  
With all who passed before us,  
We praise thy name today.

Three hundred years enduring,  
From age to following age,  
A hundred generations  
Have built our heritage.

Their name is long forgotten,  
Long spent their hopes and fears,  
Safe rest they in thy keeping,  
Who changest not with years.

They reap not where they laboured,  
We reap what they have sown;  
Our harvest may be garnered  
By ages yet unknown.

The days of old have dowered us  
With gifts beyond all praise  
Our father, make us faithful  
To serve the coming days

# THE STAFF 1985/86

"When my brother was in college studying to become a teacher I was planning to become a business major. I thought he was crazy. I kept asking him what kind of future he would have, stuck in a school all day. Now he's an Assistant Headmaster and I've switched to a future in education also.

"He displays 110% confidence in all he does and with that, you cannot help but succeed. And that's exactly what teachers do. They study hard and are expected to work even harder.

"Being a teacher, you learn to overcome your fears which naturally strengthens you. Teachers know, without a doubt, whatever they face, if they put their mind to it, they can do it.

Along with teaching skills comes the opportunity to push beyond potential and discover what you can really do."

TEACHING.

BE ALL YOU CAN BE.

Warwick Academy has brought together the combined skills of excellent individuals from different continents. It is a blend of talent that provides a unique environment for our students. The enthusiasm for excellence is generated in the classroom by our teachers. Excellence is the result of hard work, dedication, determination, long hours, patience and continuing enthusiasm. The high standards set by our teachers challenges our students to be excellent in all things, but most of all, they challenge our students to be good citizens and make outstanding contributions to life in Bermuda.

The Bells  
It's three o'clock by the Science  
Block,  
And almost by the hall,  
A little more by the Music Store,

The class is standing tall;  
For thirty seconds the bells ring out,  
The loud Academy chime,  
While from my teacher comes a  
demand,  
So out of my chair I climb;

One day I shall not hear them,  
I'll stay in my chair all day,  
And no one will disturb me,  
"I hear no bells", I'll say.

Anon.

# YEAR 6

There are no pictures on my walls  
But in my mind, all framed in gold,  
The loveliest pictures- scenes of old  
Stand out in bright array.

And in the firelight as I gaze  
At shadows darting on the walls,  
I see the once bright stone halls  
Where as a student I played.

These pictures clear as crystal shine  
And come to me at my command  
As though a fairy waved her wand  
Upon my life's highway.

Rudyard Kipling, a great English patriot wrote many times about the greatness of his country. His words inspired many generations of students to embark on the endless pursuit, that is excellence. We believe that Warwick Academy travels that road, also. We have taken a part of one of Rudyard's speeches and changed it just a little to be of more relevance to us in school. I wonder if his words can have the same affect today as they had in 1920. "If this hope be true- and because we know the breed in our hearts we know that it is true- if this hope be justified, our children's children, looking back through the luminous years, to where we here stumble and falter, will say to themselves "Was it possible that the students of that age did not know, could not see, dared not even guess, to what heights of strength, wisdom, and enduring honour they have lifted their school?"

### Houses.

Visitors at Warwick Academy are sometimes amazed at our house system. They discover that the school is divided into 4 sections called houses-Morgan, Rhodes, Patton and Robertson. The houses are led by teachers, and they compete in sports and cultural competitions throughout the year. The winning house receives a trophy at the close of the academic year.

Competition for success is keen. As the headmaster announces weekly merit totals, the students listen attentively to news of their efforts.

Weekly awards of merit badges are an integral part of the school's philosophy to reward excellence in all its forms. Students earn merits in schoolwork and sports and as they make their way to the stage to receive their badge, they can reflect on their excellent work or efforts.

### House Captains:

Rhodes- Seniors, Sophie Cannonier, Michael Burt, Andrew Richardson and Sabrina Richardson. Juniors, Ian Tucker and Roseanne Augustus. Patton- Samantha Adcock, Michael Martin, Raymond Burrows and Maxanne Anderson. Morgan- Captains- Shea Pitcher and Marina Jones. Vice-Captains- Andrea Cann and Guy Perez. Robertson- Seniors, Frederika Wilkinson, Jerry Dee Johnson, Brett Marshall and Wesley Trott. Juniors, Dennis Robinson, Sara Bosch De Noya and Shonee Philpott.

## ROBERTSON HOUSE

Robertson House collecting on the basketball court on another Tuesday morning.

Competition between the houses has been exciting once again. Robertson House has been dominating the struggle for the last 8 years, but Morgan have always provided a strong challenge. Mrs. Morag Lombos and Mr. Bela Buchmann of Robertson are apparently on their way to their second consecutive victory. Robertson have been strongest in the weekly merit awards, and this appears to be the source of their domination. They have also organized themselves well for sports and cultural activities.

Mrs. Patricia Hanlon and Mr. Robert Chandler of Morgan, the veterans, provided the greatest challenge to Robertson. Strongest in sports, Morgan have kept up a constant pressure throughout the year.

Rhodes, led by Miss Anne Cookley and Mr. Alistair Smith, and Patton, led by Mrs. Barbara Solis and Mr. David Hollins, have traded second place with Morgan as the year progressed.

Although Robertson led from wire to wire they never did so with a comfortable lead.

Mr. Craik, new Inter-House co-ordinator, charted the paths of all four houses during the year.

It has been another good year for the houses and here's a BIG WELL DONE to all those involved in this system.

DENIKA SMITH

# ATHLETICS ORGANIZATIONS ACTIVITIES

## THE PURSUIT OF EXCELLENCE

Warwick Academy students must be the busiest in Bermuda. Not only do they have an extensive formal curriculum, but they can fill in the "extra" time by taking part in an activity or sport of their choice. The school offers an incredible number of extra-curricular activities to our students. These sports or activities are just as important as the formal curriculum, and every effort is made to persuade the students to take advantage of this superb programme.

The students can learn logic at the chess club; create in wood or plastic in the Design and Technology Club; study religious matters in the Bible Club; play French scrabble in the French Club; create newspapers and yearbooks; play in the orchestra or band; sing in the choir; draw and paint in the Art clubs; make speeches in the Debating Society; examine the wonders of the universe in the Science Club; travel into the future in the Computer Club; act in the Drama Society; create culinary delights in the Cooking Club; plan a social evening in the Prom Committee; sail in the Sailing Club or learn to help others in the Tuck Shop or as an Assistant.

The sports fanatics can choose from netball, basketball,

softball, track and field, cross-country, tennis, weightlifting, rugby, soccer, cricket, badminton, swimming, hockey, gymnastics or volleyball.

It is in the pursuit of excellence that champions are made. Champions are not always, or not only, those who habitually inhabit the winning circle. The true champion is the one who has the courage to carry on against impossible odds. He is the participant who follows his commitment through to the end, and with an abundance of enthusiasm.

The young team being congratulated by the Headmaster is the Junior Girls Volleyball team. They have just won their league and tournament. On the opposite page is a photograph of Denika Smith, a first year who has just completed the cross-country course in the House competition.

These champions are proud of their achievements, but all participants in the extra-curricular programme feel the same sense of accomplishment, winners or not. They have had the courage to test themselves in practice and finally in competition. On the following pages we salute the champions of Warwick Academy.

Mr. Kreller is standing behind Trina.

### Society Affairs- 1986.

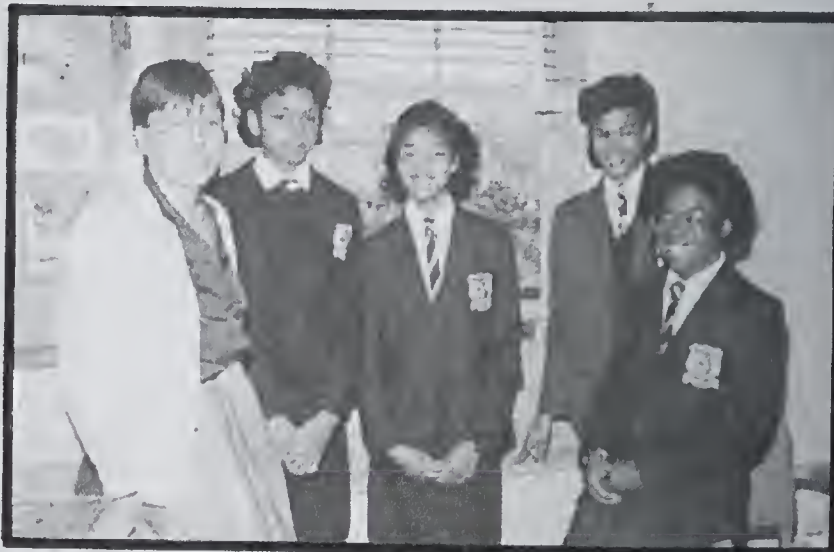

The Debating Society this year had many interesting debates on current issues as AIDS, a national lottery for Bermuda, the dangers of "Dungeons and Dragons", and the possibility of applying sanctions against South Africa for its policy of apartheid. There was also an election debate, in which students took the roles of the leaders of the UBP (John Swan), and PLP (Lois Browne-Evans) and the NLP (Gilbert Darrell), and discussed various problems facing Bermuda such as housing and a decline in tourism.

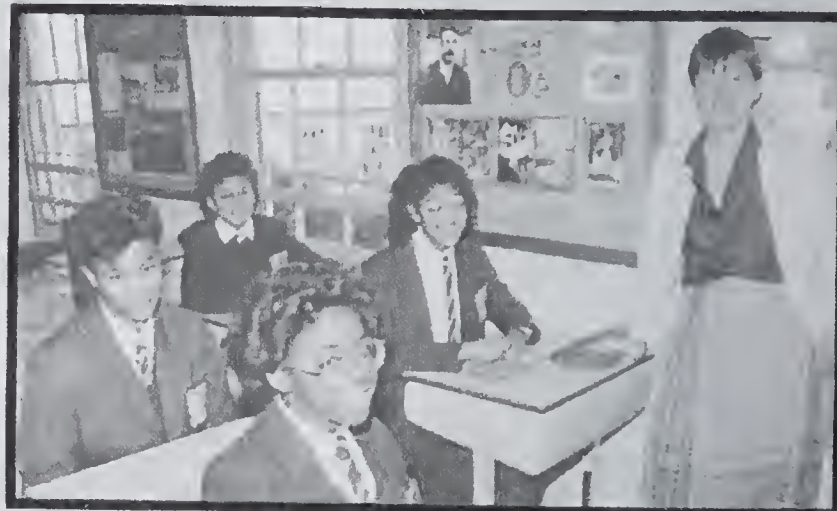

The Debating Society by Kae Thomas

The Debating Society is made up of students from the first year through to the fifth year. The Debating Society is headed by Mr. Kreller and Mrs. Ingham. We usually meet every other week. There are numerous educational and interesting topics to choose from for a debate e.g. Capital Punishment, Political Opinions, Aids Victims in School, Euthanasia, etc. The Society meets throughout the year, and to receive extra-curricular credit, you must attend a minimum of 5 debates, and participate in one of the five you choose to attend. The Society is well organized, and a 'fun' club which allows students to express their views in a positive manner.

## BIBLE CLUB

Left to right, Mrs. Ingham, Delori Lambert, Kimkitta Cariah, Carla Adams and Allison Roberts.

### The Bible Club by Crystal Hall

The Bible club, under the leadership of Mrs. Ingham meets twice per month, on Tuesdays after school. Meetings take place at Mrs. Ingham's house.

In the Bible club we not only learn about the Bible and God's teachings, also learn how to deal with everyday situations such as loneliness, stress and failure. Through the Bible club, we as members have learned that if we put our trust in God, he will guide, protect and help us. Psalms 46, which happens to be one of my favourite scriptures says- "God is our refuge and strength, a very present help in trouble." This tells us that God really is there.

In the Bible club we also learn how others feel about God and life in general, including how others deal with situations they may face.

If you are interested in joining, contact Mrs. Ingham. We always welcome new members.

THE PROM COMMITTEE, 1985-86

If you ask any fifth year student what, in his opinion, is the most important thing in his five years of Warwick Academy, without hesitation he's say, "The Prom!" The Prom makes it all worthwhile.

We, the Unwilling (the Prom Committee), led by the Unknowing (Ms. Grace and Mrs. Baumann), are doing the impossible (planning the Pro for the Ungrateful (the rest of the fifth-year students)).

This year the Prom will be held on the 28th of June at Stonington Beach Hotel. The committee worked hard to raise money on our fund-raising swim-a-thon, with the result that this one event raised enough money to cover all of the expenses of the Prom. The one privilege of being on the Prom Committee is that the members get their tickets for half-price.

### The French Scrabble Club.

The Scrabble Club takes place on Thursday, at lunchtime in Mrs. Baumann's room. Scrabble is played in French instead of English. The idea is to improve your French vocabulary. For each correct word, you are awarded points, depending on how many letters are used, and if you place the letters on double or triple letter scores or words. You can play with as many people as you like.

At Xmas we have a party with Xmas cake. It really is a lot of fun.

On the water

The Sailing Club by Alysson Bray

The Sailing club is a fun extra-curricular, if you remain on the good side of Mr. Williams.

We started the year with sanding and painting the boats. We wanted to paint them with fun colours, but Mr. Williams wanted them blue and white, and red and white, so what's the use of trying to change a teacher's mind after it is made up? The boats looked good after painting, even though we didn't, but that doesn't matter.

It took four to six weeks to complete the job, and we finally went sailing, but before we could do anything, Mr. Williams reviewed the general principles of sailing and rigging a boat. On Monday's, as we walked down to the dock, we picked cherries and they sure filled us up.

We ended up using one boat only, and only three could sail at any one time. While three were sailing, the rest of us had a good laugh, and that was when I discovered that Mr. Williams sure has a sense of humour, but only when he is near the water.

Mr. Carbone reports that his very well attended Science Club attempt to limit their experiences to 'hands on' activities. They use common and very inexpensive materials. Among other projects, they have grown alum crystals, made paper and flown kites. In the summer term they are planning to create a simple solar energy kit. Some of the members of this busy club are also working on projects for entry in the 49th Bermuda Agricultural Exhibition. They meet in the Science Block every Monday lunchtime.

The Chess Club by Adam Gauntlett.

This year's chess club, while perhaps not as interesting as previous years, has a lot to offer those who wish to attend. To play, one needs only to walk in and find an opponent. While the club is only open on Tuesdays and Thursdays, an opponent can always be found. Interhouse competition is rampant, with one starting every two weeks. No matter what you do, you'll invariably walk in on something or other if you go there.

However, as mentioned previously, this year's club has failed slightly due to lack of support. Gone are the interschool competitions. Gone is the time when you could walk in on any day of the week and find a game. However, in its place there is an increased amount of interhouse competition, and those who do go on the appointed days, have a lot of fun. Will next year's club be as special?

The Computer Club by Michael Hopper.

The Computer club is split into two groups, Word Processing and Basic Programming. Word processing meets on Tuesday lunchtime, Tuesday afternoon, and Basic Programming meets on Monday after school.

In the Word Processing club we do various memos and letter writing. In the Basic club after school, we do various programs to make drawings on the computer. Higher level people makes games to play e.g. hangman. If you find it hard to spell a word, or find it hard to type, there is a program we have called Mastertype. Mrs. Soliss takes Monday Basic Programming, and Mrs. Yeatman takes the Tuesday afternoon club.

The Cookery Club by Celestina Carey

The Cookery club is taken by Mrs. Gray. She puts in extra time one night after school, to teach students how to cook. She offers this extra-curricular mainly to the music students since they do not study cookery in their formal curriculum.

The club meets on Tuesdays. We have made different sweet and savoury mixtures. It is quite a lot of fun, and I highly recommend it.

The xmas cake competition attracted a large number of entries this year. Winners in Miss Cookley's class were 1st- Cherie Burgess, 2nd- Lisa Correia and 3rd- Dena Lightbourne. Winners in Mrs. Gray's class were 1st- Cheryl Stovell, 2nd- Vanessa Persad and 3rd- Lee-Ann Perry.

There are two woodworking groups, one in the first term, and the other meets in the second term. In the woodwork club you can make almost anything e.g. jewellery boxes, wall racks and spice racks. Some of the tools we use are mallets, bevel edge chisels, jack planes, saws and marking knives.

Mr. Kirk will help you, but won't do it for you. It's great when you're finished. You have a sense of achievement, but 'getting there' can be painful work.

### The Newspaper

The Warwick Academy newspaper Ursa Facta is a bi-annual newspaper which features news events concerning the school and a literary section in which essays, stories and poems, worthy of note are published for the enjoyment of all. Students from all years, under the guidance of the editor, research the articles, conduct interviews and write and type the items themselves, so that this is, as far as possible, a student newspaper. It is an enjoyable way of investigating the possibility of news reporting as a career, and as the students are the reporters, they can investigate any topic they wish, and it is hoped that the newspaper reflects and caters to the interests of the students.

### The Art Club by Tracey Johnson

We attend the Art club every Monday after school. We sometimes use our own ideas, but if there is a special occasion, such as Valentine's Day or Xmas, Mrs Judd will give us a special project to complete.

Most members draw cartoons or beach scenes, and we enjoy doing what we feel, and expressing our feelings in artwork.

Most of our members take Art as a regular subject. We can take our special projects home and give them to someone special in our lives.

We learn by our mistakes and we also learn to appreciate ourselves and the work that we have accomplished.

SICK ROOM WITH AURA PIMENTEL & HEIDI ROBERTS

## The Sick Room by Aura Pimentel

The sick room must be cleaned every day. You must start at 8:30 am each morning. From Monday to Thursday, you must make the beds, open the windows and keep the rooms looking tidy. On Friday you must change the sheets. The dirty sheets are taken to the Washing machines, and the clean ones are collected from Miss Coakley's room. This is a job everyone would enjoy doing.

## THE TUCK SHOP

The Tuck Shop is organized by Mr. Mierzykowski, who orders all the food. The Tuck Shop workers include Elizabeth Pimentel, Nicole Batschart, Shannon Sanders, Sarah Jordan, Gloria Fogden, Ann Santos, and Heidi Roberts, who work in the Tuck Shop on alternate days.

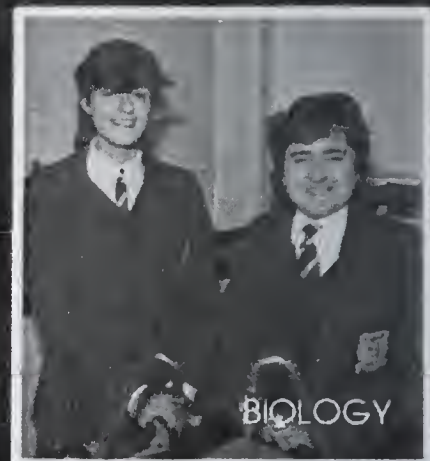

Working in the Tuck Shop is hard work, as you must spend your whole lunch hour there two or three times a week. Before we can open, the float, usually \$10, needs to be counted out, and re-stocking of chips, sodas, and box drinks, is always necessary. Empty boxes need to be taken out to the trash pile, and being patient with unsure customers is part of the job.

Sometimes the Tuck Shop keys are not in Mr. M.'s office, and therefore we must go everywhere to find him and retrieve his keys from his pockets. Cleaning the Tuck Shop once every two months or so is the most unpleasant duty, mopping the floor, cleaning the walls, defrosting the refrigerator is nobody's favourite.

Mind you, the Tuck Shop is a whole lot of fun, when you realize that you are allowed to take responsibility in organizing a money-producing job and being around your friends.

The Tuck Shop usually opens at 12:10 and closes at 12:40, when the workers must restock the food and count the money, as well as eat their lunch. No, it's not easy.

# LIBRARY

Our money manager is Mrs. Solliss, whose job is to collect and count the money at the end of the day and provide us with enough change to re-open the following day.

Unfortunately the Tuck Shop does not count as an after-school activity, although we do spend the majority of our daily lunch hours working there. However, merits are awarded for working, extra-curricular activity.

— Elizabeth Pimentel

## A Biology Lab. Assistant by Aura Pimentel

Being a Lab. Asst. is a job everyone would enjoy. It is easy and is counted as an extra-curricular activity. There are 2 Biology labs and we have the privilege of eating in them, instead of the lunch quadrangle. We must be on time, and turn up at least three times per week. Work is assigned by the teachers and you may not leave until the end of lunch-time. We also push in stools, clean the desk tops, and clean out the sinks and prep room.

## PREFECTS

Being the Head Girl by Sophie Cannonier

To be Head Girl of Warwick Academy is not easy. Life in the Prefects Room can be heartache, as well as fun. One will never know how difficult it was for me to get through this year. I took on the position of Head Girl as a challenge, and what a challenge it turned out to be.

I knew that I would have to distance myself from my friends in order to get on with what I had to do, but that was part of the challenge. I would have to set an example for my friends and try to lead them in the right direction, which I honestly knew was going to be terribly difficult, considering my quiet nature. I knew that I would have to be strong and stand up for myself, and I did have to learn fast. Being in charge of the Prefects, along with Guy, was hard enough, but having to keep the rest of the school in line was another type of challenge. Many people told me that a lot of people would do anything to be in my position, but I never really thought it would be those with whom I worked closest, the Prefects.

Please don't get me wrong. Life as the Head Girl is a mixture of ups and downs. I was criticized for the Fifth Year Review, but to tell you the truth, I had the time of my life. I also think that the students enjoyed the show, too. It was difficult for me to accept criticism from my peers and especially from those whom I considered to be close friends. If I could wind back the clock, I would try harder to be stronger and no matter what the criticism, I would never let them see me sweat.

I have enjoyed the challenge. I have learned lots about myself and my feelings. I have made new friends. I have had fantastic scholastic offers. My advice to the next Head Girl is this: Be STRONG and always remember that you have a very responsible position of authority. Stand up for yourself and be proud of gaining such a high honour. Lastly, NEVER LET THEM SEE YOU SWEAT!!!

### A DAY IN THE LIFE OF A PREFECT

8:00 in the morning. Michael Lee walks into the Prefects' room. He sinks himself down in the chair. Shortly Stephanie comes in and dumps her belongings on her shelf and settles herself down on the couch, and prepares to do all of her late homework that should have been done the night before. Samantha then comes in. She mumbles something that resembles "good morning" and plaps all her stuff down on the couch. She keeps her shades on. Hmm. Must have been another late night with Deek. John then comes in. He has just a windbreaker on. It must be 36°F outside. He usually wears a few layers when it's 80°F outside. Slowly everyone else seeps into the Prefects' Room. They either head over to the mirror to fix the hair damage done on the way to school or they pull out the previous night's homework.

"Has anyone done their biology?" asks Brett. "Don't forget that we have a French vocab test today," says Samantha. "Shoot!" says Brett.

While Sam tries to get some work done, Brett strolls over to her. He starts to cuddle up to her and all you hear are giggles. Sam turns red and everyone laughs. BEEB! the phone goes off. The office wants someone to come down and deliver a message. All heads turn to Stephanie. "Stephanie, answer the phone, please," they all chorus. She gets up and bounces over to the phone. Someone turns up the radio. Oh, no! Whitney Houston. Timeco and Jerry Dee start to sing. Marina starts to look for a bag. Every morning we hear tap, tap on the door. "Open up the door, guys, it's Marina." Michael Burt opens the door. In comes Marina usually holding five or more bags.

The 5th Year Review by Carla Adams

The 1986 Review turned out better than everyone thought. Although everyone did not participate, and there was much disagreement among the 5th Years, the Review went well. We learned more about one another and became even friendlier, and

in some cases closer. I think we learned that things don't happen as easily as they seem.

Rehearsals did not begin until about one week before the performance. However, once begun, the show was quickly planned.

The show began with Nicole Smith and Wendell Simons who set the scene for the rest of the morning. There were musical interludes, classroom scenes choreographed by Nicole Smith, and a school song written by Guy Perez. Sophie, our Head Girl, danced as an Indian slave. The highlight was the Pie Show with Mr. 'M', Mr. Cargone and Mr. Hollins. Brett Marshall, posing as Mr. Rodriguez, conducted the 'shock' experiment. We had a beauty contest and the winners were: David Dyer, Ian Forbes and William Smith. Sabrina and Maxanne (the Bronson Possie) gave a musical selection. There was also a restaurant episode where Morietta was claimed by Wendell. Finally the entire 5th Year sang "That's what friends are for", with solos by Lisa Woods, Crystal Hall, Tanya Raynor, Kimberly Simons and myself.

## SOCCER

Warwick Academy v Sandys Secondary by Stefan Calder

It was kick off time, and Sandys were very confident that they were going to demolish the Warwick Academy soccer team. Sandys kicked off, but Warwick soon got possession of the ball. Warwick dominated the midfield, putting balls past the defenders and shooting on goal.

After ten minutes, Stefan Calder glided past the Sandys midfield, and pushed a ball through to Andre Lambert, who drove the ball into the net. Warwick were one up.

Sandys restarted and began to pressure the Warwick goal, but Robert Desilva covered every shot. At half time the score was still Warwick 1, Sandys 0.

Mr. Jones told the team to be firmer in tackling, and not to panic and give the ball away.

The game began again with Warwick showing their style. After five minutes, Stefan Calder kicked a long ballover the head of a defender to Andre Lambert. Andre crossed, and Richard Bascome was there to chest the ball into the net. Warwick were very confident after the second goal, and about 15 minutes later, Stefan took the ball down the left touchline before crossing to Andre, who made no mistake for his second goal.

Sandys began to play better football in the closing stages of the game and scored a goal, that Robert almost saved. Sandys continued to press for more goals but the Warwick defense held, and when the final whistle blew, Warwick had won by 3 goals to 1.

Back row, l-r, Derek Hurdle, Wayne Dickinson, Carl Broadbent, Devaughn Richardson, Charles Richardson, Gladwin Daniels, Rary Johns, Mr. A. Smith. Front row, l-r, Caion Hollis, Richmond Simmans, Jeffrey Tyrell, St. Jean Orridge (Capt.), Arnold Tadd, Neko Durrant. Missing- Timmy Horvey, Dennis Pimentel, Jay Simons, Greg Todd and Komol Williams.

Mr. Alistair Smith was very pleased with dedication and teamwork shown by his young Intermediate football team. "This was the most enthusiastic squad I have coached", he reported. He went on to say, that throughout the season there was a special feeling of teamwork and sportsmanship within the team. Mr. Smith also presented awards to individual players-

St. Jean Orridge, for sportsmanship - a Scotland Soccer Jersey, Gladwin Daniels, for dedication - a soccer ball, Richmond Simmans, for most goals - an autographed Scotland/Wales program, Caion Hollis, for best midfield player - a Scotland/England program, Derek Hurdle, for best defender - a Scotland/England program, Rary Johns, for most improved - blue soccer socks.

Mr. Warren Jones was very pleased with his Senior footballers. His team worked hard throughout the season, and completed their schedule in great form by defeating St. George's by a score of six goals to two. Andre Lambert was the team's top scorer with 8 goals and Robert Desilva had an outstanding season as goalkeeper. Dennis Robinson was selected for the West All-Star team, after a fine display of midfield attacking for the school team. Mr. Jones intends to spend more time practicing dead ball plays next year, as he felt that this was one area where the team could improve. Congratulations to the entire team for a fine season.

The Junior Netball team met for practices on Mondays, Wednesdays, and Fridays, coached by Miss Tilney and Miss Adderley. Even though we didn't win many games, it was a great experience for some of us, because we were playing on the team for the first time.

I feel that if more effort and seriousness had been put into the games and practices by each member, we could have had a better season.

# OF THE UNEXPECTED.

Junior Girls Basketball

The Junior girls basketball team was undefeated throughout the season, winning both the league and the B.S.S.F. tournament. Returning members Carmen Deshields, Maria Peterkin and Tanya Semos provided a solid foundation upon which to build. Special mention should be made of the performances of these players. Carmen was the team's highest scorer, averaging 13.4 points a game. Tanya provided the most assists and averaged 8 points per game. Maria's rebounding skills gave Warwick Academy a distinct advantage on both offense and defense.

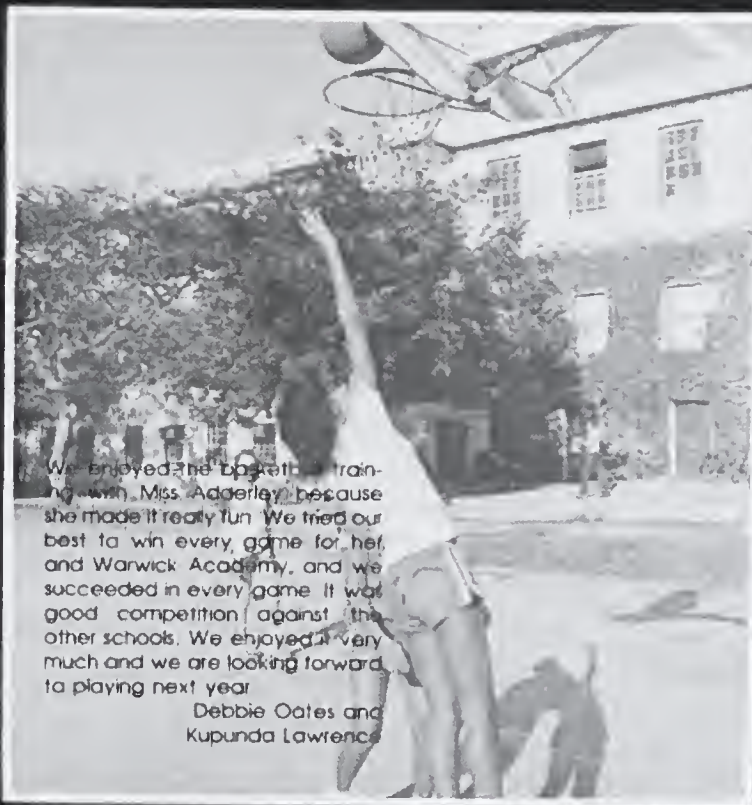

Because of the quality of the players on this year's team, both teams (junior and senior) can look forward to a good season next year.

It was good competition against the other schools. We enjoyed it very much and we are looking forward to playing next year.

# Senior Boys Basketball Team

The Senior Boys Basketball Team was fantastic. They came first in the Chaffee Tournament, first in the league, and third in the Island-Wide Tournament. Their coach, Mr. Chris Crak, has nothing but praise for their efforts. They began the season with a surge of enthusiasm unmatched in previous years. This carried them through to the final tournament where they displayed all the qualities of a great team. The highlight of their season was winning the Chaffee tournament. The game was close and no one could have predicted the winner throughout the four quarters. In the final seconds our boys made a great effort and defeated Chaffee by one single point. This was a great night for the school as well as the team. After the tournament, Ijumo Hayward was named as MVP and Brett Marshall received an award for sportsmanship.

ACTION REPLAY

IJUMO AND GUY

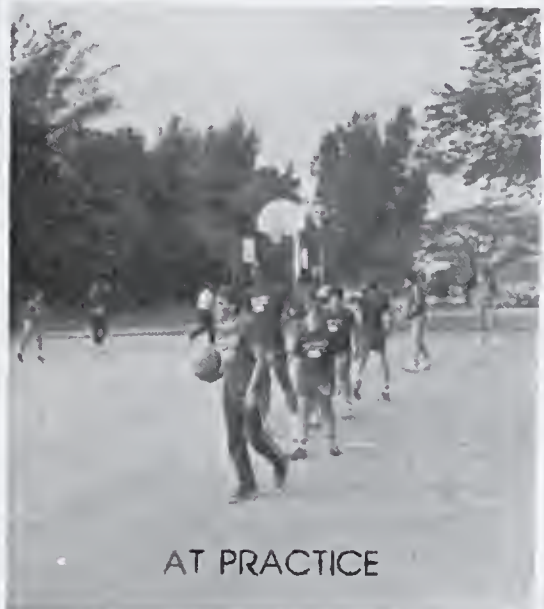

The Boys Senior Basketball team enjoyed a very successful season. They were league champions as well as winners of the Chaffee Invitational Tournament. This was quite an achievement as it was the first time that Chaffee had been defeated in their own tournament. This success was a result of numerous training sessions under the guidance of Coach Craik. Team captains were Guy Perez and Brett Marshall. High scorer for the season was Ijumo Hayward. Four members of the team represented the West in the All-Star game- Wesley Trott, Brett Marshall, Ijumo Hayward and Guy Perez.

As it was, B.H.S. just squeezed by the Warwick team 173 points to 165. Enthusiasm, effort and participation were the hallmarks of our swimmers and Mr. 'M.' was a very satisfied coach. He was very pleased with Charlotte Bosch de Noya who worked hard to regain her form of last year. He was also amazed with the times and performances of Kristina Williams, and Laura Kempe must be praised for being the most improved swimmer of 1986.

# BRING YOU SWIMMING A WORLD APART.

## The Swimming Team.

This year's Swimming Team was again successful, under the leadership of Mr. " and his Assistant coaches Miss Grace, Mrs. Solliss and Mr. Cross. This year's captains were Ian Tucker, James Burnett-Hwikes, Soro Bosch de Noyo and Somantho Adcock. The feats of this year's team include, coming second overall in both the boy's and girl's divisions, in the Inter-School Swim Meet. The boys lost to Saltus with a score of 215 to 135. The girls' score was a little closer. They lost to B.H.S. by a mere 8 points, with a score of 173 to 165. Also in the girls, the Intermediate girls won their division. Still on awards, Louro Kempe was named the most improved swimmer, and Ian Tucker and Kristino Williams were named the most outstanding swimmers.

These victories of the team did not come overnight though. It took a lot of time and hard work. To take part in the Inter-School Swim Meet, swimmers had to attend 3 times per week for an hour to an hour and a half practice, or attend 30 hours altogether. But there are some consolations, as you can see above. The team spirit is high and they're saying "We'll get them next time."

He reports that Paulo Correia and Phillip Jolliffe showed great improvement in strength and technique. Elsie Neaud and Jennifer Rego showed such interest, that they were allowed to accompany Mr. Craik to the Nautilus Gym in Hamilton, for workouts at the Fitness club.

The club also re-conditioned the Universal weight machine. His second year's concentrated on technique and safety drills, while the third, fourth and fifth year's expanded their knowledge with individual programmes.

## VAULTING

The Gymnastics Club by Kathy Decouto

The 1985/86 Gymnastics Club met in the first term. We worked very hard at two main events, the floor and vault. We were asked to make up floor routines for a performance, to take place at the end of the term. We all worked very hard on our routines. Some worked individually, and some worked in pairs.

We also practiced on the trampoline. One member worked on the trampoline routine. When the big day arrived, we had a vault act, floor routines and a trampoline act. The performance was very successful and the audience thoroughly enjoyed it. This club and the performance were due to the dedications and leadership of Miss McGrath and Mr. Cunningham.

## Boy's Hackey.

1986 marked the first time in many years that the school fielded a boy's hackey team. There was no official league but practices were held on Mondays, Thursdays and Fridays. The team competed against Saltus and Whitney and participated in an end of season tournament.

The first game was against Saltus and was tied. The second game against Whitney was cancelled.

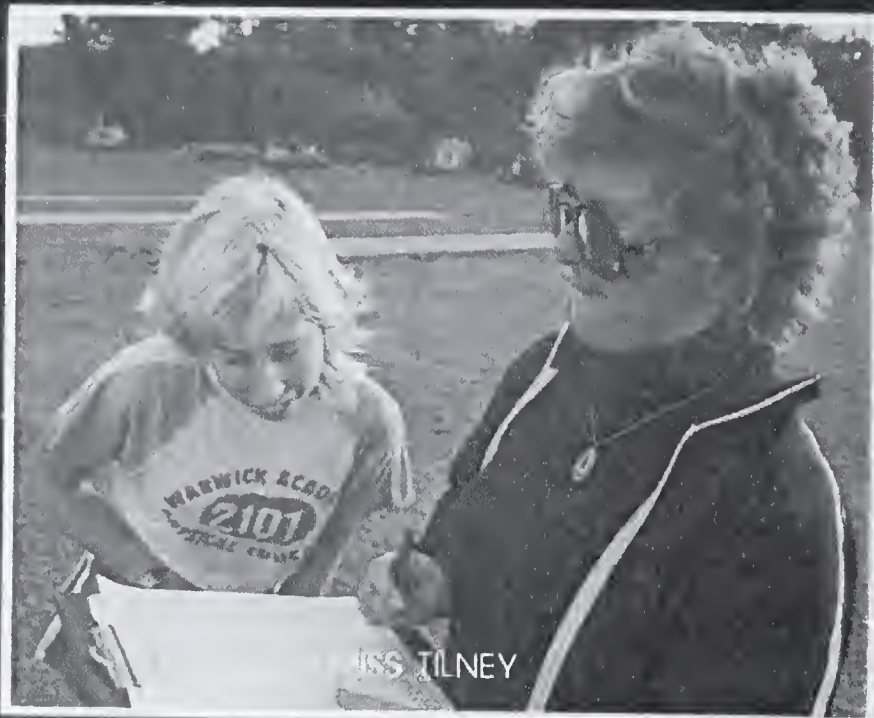

The highlight of the season was the re-match against Saltus. With the score tied at half time, the boys pressed on to gain an advantage. Early in the second half Robert Desilva shot the team into the lead. The final result was a win for Warwick by 5 goals to 1.

In March, the boys and girls combined to enter the Junior and Senior Mixed Tournament at the National Sports Club. Both teams played impressively and the combined record of both teams was 2 wins, 4 draws and no losses. All participants received certificates.

Congratulations to the Boy's Hackey team and their coach, Mr. Alan Cunningham.

## Super Stickwork

The two teams involved in the 1st Year Hockey Stickwork competition on Friday, 28th February, 1986 finished in 3rd and 4th places. Instead of selecting an A and B team, the girls voted to compete in two evenly matched teams. They did very well, justifying all the hard work put in at lunchtime and after school with Miss Grace and Miss Tilney. Jo-Anne Brydon came 2nd in the Goalkeepers Competition.

## Girls Senior Hockey.

Under the superb coaching of Miss Coakley our senior team won the league championship. They defeated Whitney, Bermuda High School and Northlands. Well done girls.

### Results-

Warwick Academy 5 v Whitney 1  
Worwick Academy 3 v Bermuda High 0  
Warwick Academy 1 v Northlands 0

On Friday, March 7th, the team traveled to the National Sports Club for the annual hockey tournament. The tournament involved all the teams listed above. However, this time, our team had to be content with a second tie with Bermuda High School. Northlands won the tournament by one point.

### Results-

Warwick Academy 0 v Whitney 0  
Worwick Academy 1 v Bermuda High 1  
Warwick Academy 0 v Northlands 0

This was a great season for our senior girls and their coach Miss Anne Coakley.

## JUNIOR HOCKEY

Our Junior Hackey team is supervised and coached by Miss Grace. We practice on Tuesdays and Thursdays. If it rains, we always meet in her room after school or at lunchtime. Our team has played two games so far, after two weeks of training.

Our training sessions consist of dribbling, pushing, passing, and then hitting (shooting) goals. We usually do these in order. First, to start our warm-ups, we run once around the hackey field. Then we dribble the ball around the hackey pitch. Then we go into our training programme.

Our team is strong and we have strong and consistent players. We make the team of Warwick Academy, and we do our best to make them happy.

## SENIORS

Seniors Front row, l-r: Natalie Madeiros, Danyale Ackah, Stacy Furbert, Cesa Santiago. Back row, l-r: Tracey Watson, Jeanne Salhus, Celestina Carey, Mitzie Basden and Miss Nancy Mattola.

Miss Nancy Mattola coached her Senior Girls Volleyball team to a 2nd place at the annual Volleyball Tournament, played on 28th November, 1985. The Warwick Academy No. 1 team defeated a strong Berkeley team, Northlands and our own No. 2 team on the way to their achievement. This was an exciting season whose distinguishing feature was the number of close games that the Warwick girls were involved in. They lost the majority of their league games in nailbiting three setters where competition was intense and thrilling. Miss Mattola praised all her girls but complimented Jeanne Salhus for her serving, Mitzie Basden, Celestina Carey and Cesa Santiago for their all round effort. Tracey Watson, Theresa Simons, and Stacey Seshold for their dedication, and Natalie Madeiros and Sarah Rossier for their management of the B team during the tournament.

Back row, left to right: Tracey Bruton, Ivonne Alves, Nerissa Persad, Sonya Baptiste, Tanya Semos, Susan Rickards, Kimberly Perry, Karin Raynor, Miss McGrath.

Miss Catherine McGrath was the first coach to produce a winning team this academic year. Her junior volleyball team swept all before it as they marched to the Inter-School championship. Miss McGrath reports that her team got into a winning frame of mind early in the season. They worked effectively as a team and Miss McGrath remarked that this was very commendable for girls of this age. Miss McGrath was very pleased with all her girls but with some making mentioned the following for the outstanding contributions they made to the team: Jill Tercera and Maria Paterkin. Excellent leadership: Tanya Semos, most valuable player, Toni Daniels, most improved player.

## JILL RECEIVES THE TROPHY FROM THE HEADMASTER

The last volleyball game was very exciting. The Junior Girls played M.S.A. in the finals at M.S.A. The members of the team were Susan with her beautiful save and Jill putting the ball back comfortably over the net and Coral giving advice to all the team members and Tracy trying her hardest to bump the ball back over. The game was won with Tanya serving the ball hard to the M.S.A. team, who were always missing the ball. On the whole the team played very well and deserved to win. All the team members would like to thank Miss McGrath, our coach, who did a very good job with us and who put up with us through our practices.

---Tanya Semos

## "WHAT IT WAS LIKE TO BE ON THE WINNING VOLLEYBALL TEAM"

"You are expected to attend 99% of our volleyball practices for an extra curricular," was the first thing we heard our new gym teacher, Miss McGrath, tell us. We knew that would require a lot, but we did not realize then just how much was being asked of us -- or how much we would enjoy it in the end.

Half of the new found team had never played volleyball in their lives, so we started from scratch. Warm-up consisted of various stretching exercises, with sit-ups, push-ups, and a drill Miss McGrath called "the suicide" -- a term which fit very well.

We practiced for weeks on Tuesdays and Thursdays after school and often on a Monday or a Wednesday lunchtime. Several members quit, but the remainder were drilled constantly by Miss McGrath. "DON'T GIVE UP!" Those who didn't know how to play at the beginning certainly knew now -- and some were excellent players.

Jill Tercera and Tanya Semos were our captains who led us like Moses led the Israelites. We won our first game and the next and I would say 90% of the others. Our A' team won the Junior Volleyball Tournament and when it was all over I wished it wasn't! This feeling was shared by all the players, who had a sense of accomplishment.

"Success lies not in being the best, but in doing the best you can." Our team certainly put the truth in that statement, and in doing the best we could, we realized that we were winners!

## Girls Badminton

Our girls won the Inter-School Badminton Tournament for the twelfth consecutive year. This is a superb achievement for our girls and their coach, Mrs. Murphy. Warwick Academy came out on top with a total of 99 points compared to 66 points earned by Whitney, and no points earned by Northlands. Alexandra Barclay was the runner-up in under-13 singles final. Jennifer Simmons and Tulane Martin were runners-up in the under-13 doubles final. Tonia Ritchie won both the singles and doubles finals in the under-15 division. Jillian Tercera was Tonia's partner and co-winner in the doubles event. Samantha Adcock was winner in the singles, and runner-up in the girls doubles, in the over-15 division. Maxanne Anderson was Samantha's partner in the over-15 girls doubles. Well done the entire team.

## Boys Badminton

The boys' team placed third in the finals behind Saltus with 55 points and Berkeley with 43 points. Our boys scored 33 points. Outstanding players were Dominic Georges and Dennis Robinson. Dennis won the Over-15 singles and teamed up with Dominic to win the Over-15 doubles. The tournament was held at the Saltus Gymnasium.

Badminton is a very fun sport. In order to join badminton, all you have to do is sign up. If you want to play in the doubles, then you have to make sure you have a partner. There are two different age groups. They are Under-13 and Under-15 groups. To know which group you are in, you would have to have been under that age by September of that year. The practices are held in the hall at lunchtime, and you can practice on your own. The tournaments are usually held in March, at Saltus. These are singles and doubles matches. There are also semi-finals and finals.

So, if you want to join, sign up.  
Tina Ferreira

This year the Badminton Club met at the B.A.A. gym in Hamilton. Normally we would meet at the school on Tuesdays and Fridays, alternating weekly. The practices would last an hour from 4:00-5:00 p.m.

The organizing teacher is Mrs. Murphy. She organizes and offers assistance when we need help.

On occasions we have a special guest - Mr. Junior Durrant. He is a fine player and helps us also on technique and speed.

We have two categories, singles and doubles. They are held in March. The singles are held at the B.A.A. gym and the doubles at the Saltus gym.

**TENNIS CLUB**  
The tennis club, with over 50 members, met three times a week all year. There was great enthusiasm and participation from a wide standard of players, although first years must remember not to scatter back to the changing rooms during sudden rainstorms WITHOUT PICKING UP THE TENNIS BALLS! (This would prevent Mr Wrigley and Mr Smith from getting wetter than they have too)

The tennis teams are looking forward to another successful season, having won all four tennis leagues last year at U14 Boys, U14 Girls, O14 Boys and O14 Girls. There are a couple of warm-up matches arranged against visiting college teams from the U.S.A., but I'm sure Arnold, Richmond, Jeffrey, Guy, and their teams can handle them!

The results of the 1985 school tournaments played in the summer were as follows:

- BOYS:** U14 Singles — Arnold Todd  
U14 Doubles — Richmond Simmons and David Cunningham  
O14 Singles — Guy Perez  
O14 Doubles — Guy Perez and Andre Lambert
- GIRLS:** U14 Singles — Nicola Martin  
U14 Doubles — Tonia Ritchie and Catherine Ross  
O14 Singles — Celestina Carey  
O14 Doubles — Celestina Carey and Jennifer Rego
- MIXED:** U14 Doubles — Arnold Todd and Tonia Ritchie  
O14 Doubles — Celestina Carey and Andre Lambert

An Afternoon at Monday (Beginners) Tennis Club by Katherine Hubbard

3:40 pm. The first members find their way onto the courts. This is the only time that any ball hunting goes on in earnest. A couple of neglected balls are discovered and are knocked about until Mr Wrigley ambles down bringing the main ball supply. He calls for order, and prepares to take attendance as he summons us to the base line. He calls the name of the first member, "Yes", is the answer. "Now, let's do this properly," says Mr Wrigley. "Yes Sir will do nicely." He calls the name again. "Yes," says the defiant member. "Yes what?" asks Mr Wrigley. There is a silent battle of wills. Who will give in first? Today, Mr. Wrigley wins and the member answers "Yes Sir." Attendance continues in a similar lighthearted manner.

After attendance is taken, the students 'knock up' for about ten minutes trying to remember how to hit the ball, then how hit it over the net, and finally how to hit the ball, get it over the net, and have it land squarely in the opponents court. By this time Mr. Smith has ventured down and it's time to start the games.

Everyone is split into pairs and the games of 'doubles' begin. The first few games are pure entertainment. It's bad enough asking a Monday member to hit the ball, but onto a specific area of the court? Eventually there are fewer 'fly balls' (that land outside the court), and not so many (note. NOT AS MANY), and not as many empty swings. In fact, the Monday members appear to be playing real games, complete with 'aces', volleys and arguments with the umpires. (future McEnroe's in Training) It's now 4:55 and those members who wish, take leave for the changing rooms. Others stay to try their luck 'knocking up' with Mr Wrigley or Mr. Smith for ten minutes. Then it's time to retrieve the balls. Most of them reach the basket, except for the few considerably forgotten for the use of the intermediate members on Wednesday.

## Boys Cross-Country.

Mr. Stuart Cross reports that his boys were "small in number but mighty in spirit." This was a comment on the efforts of his team in the Inter-School championships in February, 1986. He reports that the boys made a great effort and were a credit to the school and themselves. He was especially pleased with the efforts of Scott Mello, who came 25th in the Under 13 group, Arnold Todd, Kamal Williams and Richmond Simmons who came in 7th, 12th, and 24th respectively in the Under 15 group, and Johannes Vriesendorp who placed 22nd in the Over 15 category.

### Boys Cross-Country by Richmond Simmons

This year's Boy's Cross-Country turn out was quite good. With a new coach, Mr. Cross, it was fun to be a member of the team. The team trained every day of the week after school for the first few weeks. They ran three laps of the school cross-country route. Later, when they were getting in shape, they began running on the road, running a distance of approximately 4 1/2 miles. At the Secondary School Meet, we were disappointed to find that the Under-13's and the Under-15's did not have enough boys to make a team. In the Over-15 category we had one participant and he did very well by placing 24th. Arnold Todd, Kamal Williams and Richmond Simmons did well in the Under-15 group, placing 7th, 12th, and 24th respectively.

### Girls Cross-Country by Alysson Bray

Cross-country provided fun and enjoyment for active members. Being physically fit certainly would have its advantages as the course Miss Mattola puts you through is not only challenging but also trying on the old muscles. Practices are held three times a week. You begin with two laps of the cross-country course and work your way up to four laps, depending on your age. The older you are, the more is expected of you. Miss Mattola keeps track on our times, encouraging us and lifting our spirits by cheering us on when we pass her on the course. It is she, who decides on who will compete in the annual Girl's Secondary Cross-Country Meet, so we all put in our best efforts. This year, the Meet was held on February 10th at the Police Field due to the construction and renovation being carried out at the National Stadium. In the Under-13's, the Warwick team placed seventh, disappointing Miss Mattola, but a fantastic achievement nevertheless. In the Intermediates the girls placed third and in the Seniors the girls came first, lifting the spirits of Miss Mattola. We believe we have achieved a great deal and next year we'll beat those suckers.

## WHAT A BOY MY AGE DOES IN HIS FREE TIME AND WEEK- ENDS IN CHILE

During the week we just study after school, or sometimes we have school meetings, games, or we just stay in the school taking with friends and listening to music. On a holiday we go to town to play video games or just meet with other friends and go to eat French fries or an ice cream. The weekend starts on Friday night when sometimes we go to parties at a friend's house or school, but those parties end earlier, like 11:30.

On Saturday morning we wake up around 10:00 a.m. and go to town where everybody is shopping, playing video games or just fooling around. That is Saturday morning. On Saturday afternoon, the cinema is the most popular place if they are showing a good movie, but when they don't, we go over to a friend's house to listen to music. The best part of the weekend is the Saturday night when almost everybody goes to parties or sometimes to the cinema. At the parties we dance and talk. On Sunday we wake up late and at 12:00 we sometimes go to Church where our friends are. We might talk or afterwards play football or something. In the afternoon, almost everybody stays home or goes to a friend's house or to the cinema.

Third year students added a new dimension to the driver safety unit this year through the use of a golf cart from the Southampton Princess Hotel.

The students learned the "basis" of parking, turning and reversing. Though there were a few harrowing experiences, all students did survive—and so did Miss Grace. Even the golf cart was returned in one piece.

**Formal Dinner**  
Congratulations to the headmaster for completing the school's 100th year. Congratulations to Mr. Pritchett, Mr. Monroe, Mr. Smith and Mr. Pritchett for their victory in the school's play during the 100th year.

## DECLAMATION CONTEST, 1985

This year's Declamation Contest took place in the Phoebe Purvis Memorial Hall at 2.10 on Friday, November 8th. Mr. Pritchett and Miss Tilney were judges and the external adjudicator was Ms. Carol Hill, the lately retired Speech and Drama teacher from Prospect. There were 37 entries this year; 21 were knocked out in the first round, gaining two merits; 6 were knocked out in the second round, gaining three merits; and 4 in the third round, gaining four merits.

The finalists and the topics they spoke on were:  
1st Paula Saints — "If I Were a Teacher of Warwick Academy"  
2nd Allison Waldron — "In Order to Have Peace on Earth"  
3rd Ian Tucker — "The U.F.O. on Horseshoe Bay"  
Jennifer Rogers — "Apartheid in South Africa"  
Mark O'Connor — "Apartheid in South Africa"  
Katherine Hubbard — "School Uniforms — Necessary or Outdated?"  
Alisha Roberts — "Why Does Bermuda Have Ex-Pats?"

## School Rings

The school rings are organized by Mrs. Morag Lombos. The rings feature the school seal on one side of the shank, and a shield with educational symbols on the other. The bezel contains the school name and the date of the graduating year. The students have a choice of birthstones, and the ring is made from three basic metals: 14kt gold, 10kt gold, or lustrum (a durable white alloy). Three personal initials for identification are engraved inside the ring at no extra charge. If the student wishes his/her name in Josten's script, or his/her actual signature, there is an additional charge of \$6 (plus import duty). The basic price includes the metal of the student's choice and a gemstone (again add import duty).

Prices are as follows:

	Girls	Boys
Lustrum	\$ 96	\$ 99
10kt gold	\$165	\$215
14kt gold	\$195	\$258

Graduating students can order their rings in the Easter Term.

Vanessa had the distinction of being asked to give a radio report on a Teen conference in which she was involved. It was the 1986 Teen Conference, and it was held at the Hamilton Princess Hotel on 13th, 14th, and 15th February, 1986.

15th February, 1986

There were three workshops for the teens to attend, and our own Miss Mattala was in charge of the workshop on 'ANYTHING GOES'. An awards banquet took place on the 15th and three Warwick Academy students were presented certificates for being outstanding teens. They were Brett Marshall, Marina Jones and Sherrilyn Smith.

Many Warwick Academy students worked hard to help organize the events. They were: Michelle Jackson, Rhondelle Tankard, Grejai Smith, Nicole Belbada, Tammy Birchardson, Alisha Roberts, Cherie Burgess, Toni Daniels, Kae Thomas, Kathy Hubbard, Leonette Georges, Niranjale Thamotheram and myself. **Heather Cawen**  
Heather is one of the most talented equestrians in Bermuda. During the summer of 1985, Heather took part in an International competition in Canada. In a 2 day event near Toronto, Heather placed first and she also picked up winning rosettes in the Cross-Country and Stadium Jumping. In the Montreal Horse Show, Heather came first in the Cross-Country, first in Stadium Jumping and 2nd in Dressage. This particular event took place at the tough Bramont course, scene of the 1976 Olympic events. In August Heather took part in the Canadian Preliminary Championships and was placed 4th overall. In the separate 3-day event at Bromont Heather was placed first.

Heather has continued her winning ways in Bermuda where in the Mini Grand Prix she was placed second. At the Hinson Hall 2-Day event, Heather was 3rd in Dressage, 1st in Cross-Country, 2nd in Showjumping, 1st in Combined Training and 1st overall. In the April Exhibition Show Heather was placed first in Power and Speed Jumping, 1st in Chase me Charlie, 4th in the Bermuda Junior Jumping Championships and 5th in the 15-17 year old category. Heather is obviously a superb equestrian as well as being a very pleasant member of 4 Music.

**Cecilia Tornqvist.**

Hi, my name is Cecilia (Cici) Tornqvist and I am in 5 North. I come from Stockholm in Sweden and I am spending a year in Bermuda as an Exchange student. I have been on the island for about 7 months now and finally, I have gotten used to it. I come from a very large Swedish city where I am used to always having people around. There are also subways and large numbers of buses. It was strange to come to a 'small' island (at least I think so), quiet island, but also very beautiful.

To be a teenager (stupid word) in Sweden is a bit different than in Bermuda. If you live in a city, as I do, you can enjoy yourself by going to the cinema or disco. If you live in the northern part of Sweden you have to be satisfied with looking at the reindeers passing by (joke). Well, it's not too bad. I really enjoy the Bermuda beaches and the sunshine but I especially like the 'bikes' which only a few 16 year old boys would drive in Sweden. School is also different. We don't wear a uniform and that is probably good and bad. We get used to wearing jeans and a college shirt and dress up as you do on Grub Days.

I have really enjoyed my year in Bermuda. It is nice to be away but it is always best to be home.

**Youth Citizenship Programme.**

On November 7th, 1985 a group of fourth year students took part in a Youth Citizenship Programme. They visited several Government departments and offices to learn, and take into account the purpose of the different sections and how they operate. In the first photograph Michelle Brock is seen spending her day with Premier, the Hon. John Swan. In the second photograph Lady Dunrossil plants a tree to commemorate Arbour Day. Looking on are Ceri Todd and Michelle Brock who spent part of their day with the Governor and Prime Minister.

The School Choir by Dawn Morgan  
The school choir is conducted by Mr Jones and we sing all sorts of songs. At the Xmas Concert in December we sang 'Dream Girls', 'You were always on my mind', 'Silent Night' and 'Angels, We have heard on High'. We were accompanied by the superb piano playing of Miss Dianne Smith, and Rhondelle Tankard of 4 Music.

In the May concert we sang songs from way back when- 'Danny Boy' and 'Amazing Grace', and then some modern selections from the 60's and 80's, like 'The Hop'. The choir has advanced in quality over the last few years and, thanks to Mr Jones, we are striving for perfection. We do need some boys though.

## THE CONCERT BAND

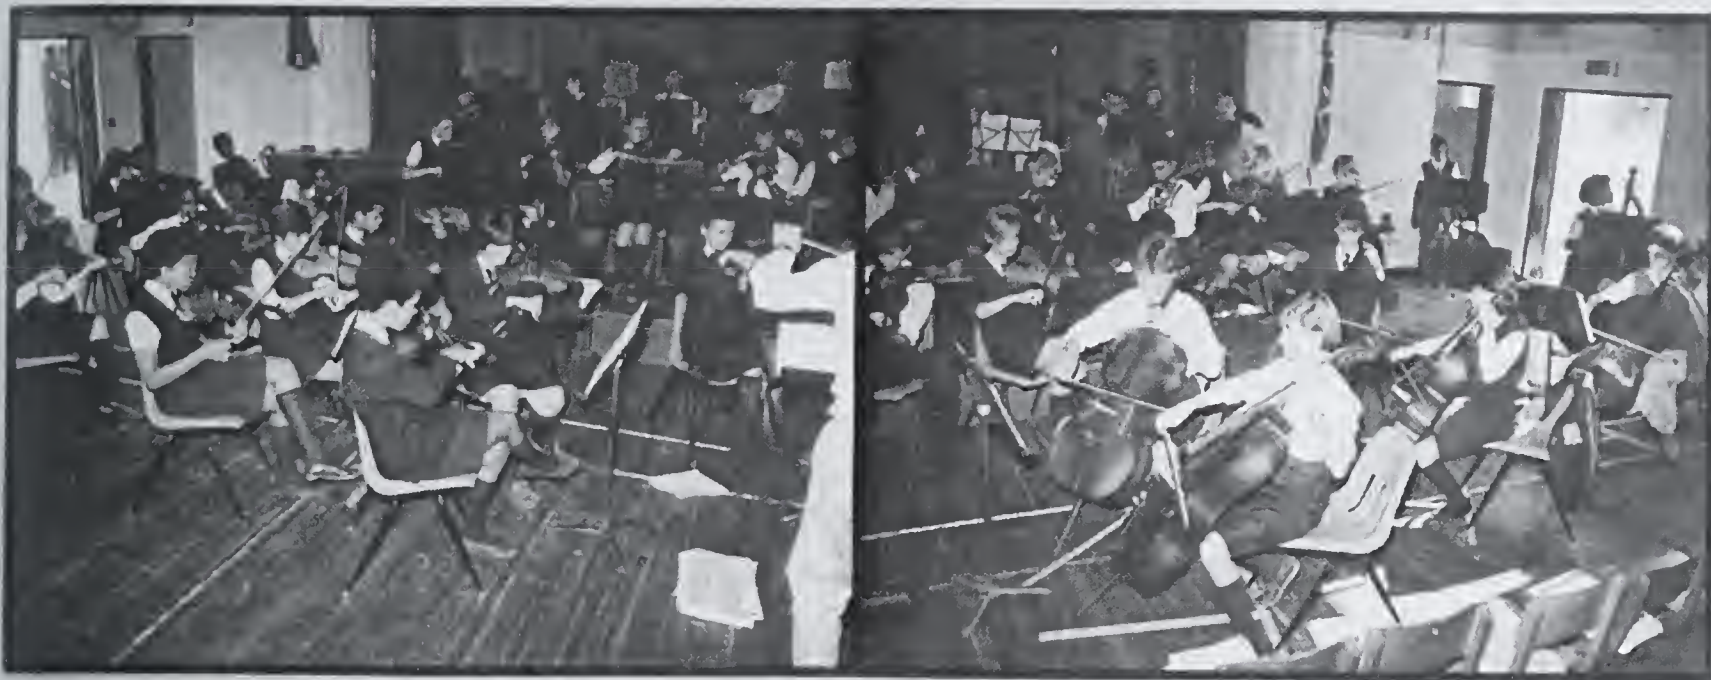

The Concert Band by Cecilia Santiago  
The Concert Band consisted of 65 members under the direction of Mr. Warren Jones. Mr. Jones and these musicians sacrificed two lunchtimes per week to bring the school their superb performances. The band also played at two xmas concerts, one at the Phoebe Purvis Memorial Hall, and the other at the Ruth Seaton James Auditorium. The band also performed at Government House at the International Equestrian Tournament. They also performed at a Tri-Band festival held at No. 1 Shed. Their final performances were held at the Primary Schools. The Band gives special recognition to Mr. Jones for being so patient and dedicated.

Music Trip to Canada March 17-22, 1986 by Timco Brimmer.

After a long bus ride from Toronto Airport filled with Sesame Street songs, we finally arrived in Cobourg at 7:30 pm in 5°C temperatures. We were met by our hosts at the West Collegiate District School, which was to become our daily drop-off and meeting place. We enjoyed some light refreshments, were greeted by hosts who gave us a tour of Cobourg's Main Street (the length of Reid Street), and headed for the town hangout, McDonald's, where we learned to whistle through straws and pop them. We found ourselves there almost every night and had Big Macs coming out of our toe nails by Friday. We settled in at our "homes", snatched some sleep and dreamt of sweet apple pies. We returned to the school next day to prepare for a concert at Gormaw Grammar School. Loading the bus with instruments and stands was no easy task, and after arriving and unloading at one school, we found that it was the wrong school. We reloaded and tried again. We finally found the correct school. Despite the mix-up, the concert went over splendidly. That same afternoon we were released on Main Street and a group of thirty descended on Hoo Lee's Gardens (a Chinese restaurant). I think we gave them the surprise of their lives. We had enough food remaining to feed all of Warwick Academy. We gave another concert at West Collegiate School and received a STANDING OVATION, and the pins from the Mayor of the city. We gave another concert that evening with the Cobourg Band, which was heard 'live', all over Canada. On Wednesday, we played our final two concerts at Dale Road School, and at Burnham School. The final concert featured Mr. Jones on baritone and Mr. Moxon on percussion. We were also praised by the headmaster who wanted to hear more. We were then treated to a Pot Luck supper by the Cobourg school, and entertained ourselves that evening at the theatre, where we created the 'wave'. As usual, the evening closed at McDonald's, or for some, Arby's, which holds some special memories. We spent Thursday at the Toronto Science Centre where we watched the human digestive system in action, played with stubborn computers, and laughed at some 5 year olds who were attempting to play the steel drums. That evening we attended a Party held at Graham Taylor's house and we taught the Candians how to dance reggae, limbo and have clean fun. On Friday we shopped at the Eaton Centre and that night, with aching feet, attended the school disco. Pythagoras and David were a steal. We only had 4 hours sleep on our final night, we met at the school very early in the morning. With watery eyes, we bade our hosts farewell and boarded the bus for the airport. Soon we were flying home to Bermuda and back to school. We will always remember our trip to Cobourg and thank everyone who helped to make it such a great success.

Music Trip To Canada  
March, 1986

The Orchestra by Laura Kempe

The orchestra has about 60 members this year from 2, 3, 4 and 5 Music. They are under the direction of Mr. Paul Moxon. Apart from a simply superb performance on Prize Night, the orchestra also performed at the Botanical Gardens during the Agricultural Exhibition. They also gave amazing performances in Canada (see separate report). To the uninitiated, the string orchestra is made up of the following- the 1st violins who play the melody, the 2nd violins who play harmony, and the violas, cellos and bass that play bass harmony. Put it together, add a little talent, hard work and direction, and you have an orchestra. Practices take place on Wednesdays at lunchtime and the type of music played is too various to mention.

### THE MUSIC MAKERS

God made this lovely world and gave it music  
He gave the tree-frogs chirping in the dusk,  
The little waves that run along South Shore,  
Tumble head over heels and then retreat,  
The eternal timpani of land and sea

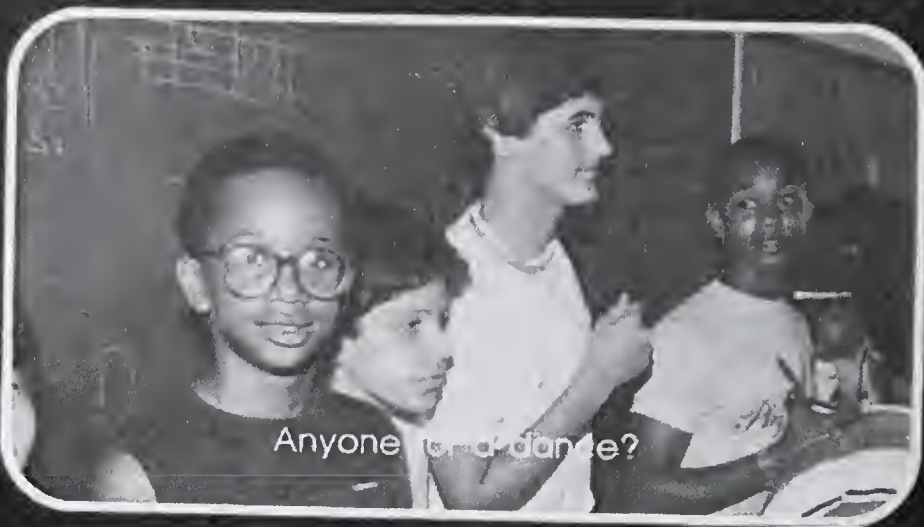

He gave the breathing wind through stirring trees,  
The kiskadee calling, calling in the spring,  
And marsh birds' haunting cries through twilight hours

All these He gave to us, and yet man sorrowed  
He grieved for faded dreams of eager youth,  
He feared the weariness of age, and death,  
He wept, he wept for all that might have been

And so, in pitying love, God gave his gift  
Of making music to the chosen ones  
With wood and metal, gut and parchment stretched, Viols,  
clarinets, flutes and cellos,  
They worked. Such simple things to reach to Heaven.

Beauty

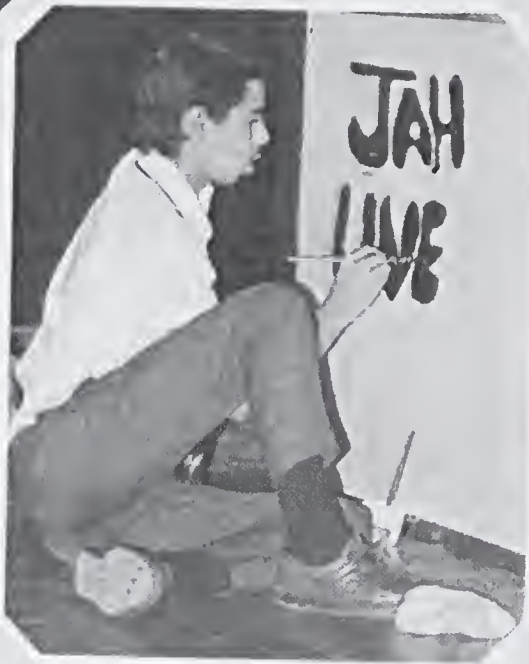

Grub days are so popular at Warwick Academy that many students would have more 'relax' days throughout the year. The same cannot be said for all the teachers, who have to cope with the more relaxed atmosphere towards classwork. Three Grub Days per year seems just about right for our students. This year was just as exciting as past years. The Bermuda fashion shops were busy for weeks before the big days. The newest fashions were snapped up at all the Hamilton boutiques as our students participated in a frenzy of shopping. It seems that Warwick Academy Grub Days are becoming an important event in the economic calendar of Bermuda fashion stores.

The lunchtime discos were organized by the Music Department who were raising support for their trip to Canada. Everyone agreed that Mr. Moxon created a great show. Well Done Mr. Moxon.

# HIGHLIGHT OF XMAS TERM.

## I was a teenage Jekyll and Hyde

Miss Barbara Tilney again succeeded in making the school play the highlight of the xmas term. The play was performed on November 28th, 29th, and 30th in the Phoebe Purvis Memorial Hall before capacity audiences. Over 60 students were involved in the play from second year upwards. The production was a capital success both educationally and financially. The play was both directed and produced by Miss Tilney who with her cast began rehearsing back in September, 1985. The musical was centered on the antics of a crazed chemistry teacher who strives to enhance his appearance with a chemical formula. The drink is however consumed by student Sylvester Hyde, who immediately becomes the supercool Hyde. As Sylvester alternates between himself and his supercool second self he discovers people's true feelings towards him and decides that being himself is the better policy. Adam Gauntlett gave three riveting performances as Eustace Crucible and Robert Desilva was superb as Hyde. Miss Tilney found the perfect blend of talent and enthusiasm in her casting, and who will ever forget the exchanges between Marietta McCoy as Annie Jekyll with Paul Harney as Bert Jekyll. Who could forget Elsie crooning for her true love, or Simon Tully playing the inexperienced but very enthusiastic teenage lover?

The full cast included Mark O'Connor, Kevin Sullivan, Robert Desilva, Adam Gauntlett, Elsie Neaud, Lori Mink, Paula Saints, Niranjale Thamotheram, Brian Smith, Simon Tully, Jon Pedro, Michael Hopper, Rick Kempe, Ijumo Hayward, Ian Tucker, Rhondelle Tonkard, Paul Lomey, Dena Lightbourne, Marietta McCoy, Dawn Morgan, Michael DeCouto, Jermaine Smith, Jenniter Rogers, Marshall Cross, Alison Thomas, Lisa Fothergill, Theresa Simons, Crystal Hall, Leonette Georges, Tracy Harris, Chere Burgess, Tina Gibson, Kathy DeCouto, Michelle Jackson and Mark McDonald.

The piano accompaniment was provided by Mair Hughes and Cathy Draycott. The set was assembled by Mr Kirk, Mrs. Susan Judd and Jamie Weir. The lights were controlled by Michael Lee, Nicholas XXX Faries, and Zina Woolridge. Sound was the department of Mark O'Connor and Frederika Wilkinson. The props were the concern of Kendra Ezekiel, Fiona Marshall, and Sara Bosch de Noyo. The cover art was the work of Ijumo Hayward. Stage Manager and prompter was Pamela Bailey. Assistant Stage manager was Alison Thomas. Mrs. Janet Slaughter looked after the programmes and the costumes were the work of Margo Mulder, Nicola Pacheco and Deborah Hoyward.

The entire production was a super success and everyone should congratulate themselves on a very professional job well done.

## "I WAS A TEENAGE JEKYL AND HYDE"

The school play was held on Thursday, Friday and Saturday, November 28th, 29th and 30th, at 7:30 p.m. in the Phoebe Purvis Memorial Hall. It was entitled "I Was A Teenage Jekyll and Hyde". The producer was Barbara Tilney. The main characters were Eustace Crucible (Adam Gauntlett), a crazed Chemistry teacher; Miss Wrenplacket (Elsie Neaud), a careless music teacher in love with Crucible; Sylvester Jekyll (Kevin Sullivan), a down-trodden youth; and Hyde (Robert De Silva), a handsome laid-back youth. The production was very successful. I attended the Friday night performance and it was a full house. It was excellent. Everybody had learned their parts very well and the costumes were also good. I look forward to see more performances in the future. Well done, Miss Tilney!

## Warwick Academy Association

The Association Visits The School During The Easter Term

This years Warwick Academy Association executive is composed of Mr. Wayne Morgan, President; Mr. Philip Pedro, Vice President; Mr. Travis Hopper, Vice President; Mrs. Diana Martin, Secretary; Mr. Stephen Kempe, Mr. Rod Ferguson, Mrs. Shelagh Head, Dr. Thomas James, Mrs. Neil Kempe, Mr. Alan McKay, Mrs. Susan Patton

Last years Association had a very busy year under the leadership of Keith Stanton, who has been on the executive for the past 5 years. The Association successfully organized both old and new events for our students and parents. The Association continued with the student discos introduced in December, 1984. They have proved a large hit with the pupils and after a few initial hiccups they have become a regular part of the school calendar.

The Pot Luck Supper, held in February, provided a setting where parents could mix and get to know one another socially. The Association's major event of the year was the organization of the 6th Meritage Fair. The preparation began in February and the volunteers quickly went to work putting together the stalls and organizing the raffle. The net profit raised by the efforts of the Association was \$52,000 and Mr. Stanton was very pleased with those who helped to make the 1985 Fair the most successful to date. A General Meeting held in September featured a talk on drug and alcohol by Mrs. Marlene Marley and a film provided by Mr. Joe Ferrera.

The Association has sponsored the following in the school: two new shower blocks, leaving pins, the Denton Hurdle Memorial Fund, the photocopier and new lunch benches.

## The School Prayer

O LOOK WITH FAVOUR WE PRAY THEE LORD UPON THIS OUR SCHOOL. CHERISH AND STRENGTHEN WHATSOEVER IS BEST IN IT AND GRANT THAT IT MAY EVER STAND FIRM IN TRUTH AND RIGHTEOUSNESS. (IN TRUTH AND RIGHTEOUSNESS) THAT BEAUTY, HAPPINESS AND REVERENCE MAY EVER BE FOUND WITHIN ITS WALLS AND ON ITS FIELDS AND THAT SO LONG AS IT SHALL REMAIN IT MAY STAND FOR ALL THINGS OF GOOD REPORT (FOR ALL THINGS OF GOOD REPORT). AMEN.

Speaking on behalf of the Warwick Academy Board of Governors, Dr. Walwyn Hughes told the audience that they had a busy 1985, with 40 meetings held throughout the year. The 11 member Board was concerned with such things as the Heritage Fair, Equipment and Supplies for the School, a heating facility for the swimming pool, and the conversion of Cambrai Hall into 5 one bedroom apartments. He commented on the huge costs of maintaining the school, and quoted a figure of about \$35,000 per year over the last five years.

Dr. Hughes views the Board as a part of the Warwick Academy community, and in this vein, he spoke of the late Mr. Hurdle and Warwick Academy's hurt, in losing such a fine teacher. Dr. Hughes also thanked the staff for their commitment and enthusiasm. The Board this year is: Mr. Peter Cooper, Chairman, Dr. Jack Patton, Vice Chairman, Mr. Michael Cherry, Mr. Ted Gauntlett, Dr. Janet Grant-Tyrell, Dr. Walwyn Hughes, Mr. Hubert Jones, Mr. Richard Kempe, Mrs. Eileen Outerbridge, Dr. Bertram Ross, Miss Kathleen Sharpe.

Our speaker on Prize Night was Senator Albert S. Jackson M.B.E., J.P. His speech highlighted the state of 'human rights' in Bermuda. He described the areas that fall under the heading of discrimination, as defined by the Bermuda Constitution Order of 1968 and the Human Rights Act of 1981. He listed sex, race, marital status, wedlock, religion, politics and country of origin. He described the ways and modes of behaviour that may contain discriminatory themes- the provision of goods and services, clubs, institutions, publication of racial material and legal documents.

He talked of the 1965 Education Act which prohibits the exclusion of children because of race. He talked of human rights as the 'concern for the rights of others and the creation of a give and take situation'. He expounded the exquisite pleasure he felt in the growth of the extent to which young people are allowed to grow together within the totally mixed schools, and called on the audience to be shining examples of the preservation of basic human rights.

# THE HEADMASTER'S REPORT FOR 1985

Warwick Academy continues to organize and administer a programme which emphasises the academic, social, emotional, physical and spiritual development of the individual. Our formal curriculum is geared to the University of London General Certificate of Education Ordinary level examination and is supported by an extensive extra-curricular programme. This extra-curricular programme is available to all students and is a necessary ingredient for their total development. Sports, drama, music, debating, field trips, newspaper and yearbook publications, student leadership roles, and numerous other responsibilities all help to comprise our diversified programme.

## GENERAL CERTIFICATE OF EDUCATION EXAMINATIONS

Our pupils continue to perform well in the University of London G.C.E. examinations, although there is always room for improvement. The majority of our fifth-year pupils have performed well above our expectations and deserve our congratulations. However, we are very concerned about a very few of our pupils who have shown little interest in their education and have coasted along, hoping a miracle will happen.

During the 1984-85 school year, fourth and fifth-year pupils passed a total of 521 examinations out of a possible 725, representing a pass rate of 71.9 percent. Of the twenty-three (23) individual subjects written, none had passes below 50 percent, eight (8) had passes below the school's pass rate of 71.9, and then (10) had pass rates above 80 percent. Art, Chemistry, Design & Technology, Integrated Science, Geography, Latin, Needlework, Physics, and Physics with Chemistry received exceptionally good results.

Ninety (90) fourth-year pupils passed a total of ninety-four (94) examinations out of 135, representing a pass rate of 69.6 percent.

Sixty-nine (69) fifth-year pupils passed a total of 494 examinations, earning them 7.2 passes per pupil - by far the best since 1973. The following twenty (20) students received ten (10) or more passes: Shevaun Adcock, Amanda Kirk, Zelia Botelho, Timothy Repose, Marchelle Douglas, Julie Stanton, Craig Hagerman, Donna Hayward, Arlene Basden, Jennifer Murdoch, Daniel DeSilva, Philippe Rouja, Andrew Griffith, David Tyrrell, Joseph Amaral, Tara McKittrick, Melanie Boyd, Loredana Roberts, Simon Foster, Georgina Todd, Marchelle Douglas, Donna Hayward, Jennifer Murdoch, Loredana Roberts and Georgina Todd received thirteen (13) passes. It is unfortunate that the Ministry of Education has not implemented a policy which restricts a student to a maximum of ten subjects, resulting in our "high flyers" being deprived of the opportunity of extending themselves as the above have done.

There have been "drummed up" rumours in the community that the University of London will no longer offer G.C.E.'s after 1987. I would like to put your minds at ease by quoting the following statement directly from the University of London School Examinations Board:

"Although the GCE O-level examination is to be discontinued in the United Kingdom with effect from the June 1988 examination, the University is aware that many authorities in countries overseas are likely to want to continue with an examination specifically designed for the more able students. It has been decided, therefore, that the University will continue to provide GCE O-level examinations for all overseas centres after 1987."

## EXTRA-CURRICULAR ACTIVITIES

Pupils have the opportunity and are encouraged to participate in an average of two activities each year. They may choose from fifty-one (51) activities offered by the school, including thirteen (13) sports, twenty-eight (28) teams, twenty (20) clubs and four literary activities.

### Interschool Sports

Our athletes continue to perform well in interschool sports. We won seventeen (17) titles and were runners-up in eight (8) sports. The girls won championships in swimming, cross country, tennis, volleyball, badminton and field hockey. The boys were declared champions in field hockey, tennis, basketball and rugby. It should be emphasized that the girls won the badminton title for the eleventh consecutive year, beating second-place Whitney by 102 points. Tennis was introduced into the interschool

sports programme this year. Our junior and senior boys and girls teams were declared champions in all competitive categories.

The following individuals and groups performed exceptionally well during the past year and achieved distinction in interschool competition: *Badminton* Under 13: Charlotte Bosch de Noya - winner singles & doubles, Robin Saul - runner-up singles; winner doubles, Under 15: Dennis Robinson - winner singles; runner-up doubles, Colleen Murphy - winner singles, Vanessa Lovell - runner-up singles, Claire Jessey - winner doubles, Lisa Hansford-Smith - winner doubles, Over 15: Gregory Powell - runner-up doubles, Samantha Adcock - winner singles, Amanda Kirk - runner-up singles

### Basketball

The boys' senior basketball team was successful in winning the league and island-wide tournament. They were undefeated in league play and had a 12 win, 1 loss record for the year - the best overall record ever. Timothy Trott and Ijumo Hayward were named to the Chaffee Tournament All-Star Team.

The girls' junior team also performed exceptionally well by placing second in both the league and Bermuda School Sports

### Cross Country

The girls' over 15 and under 15 teams placed first and second respectively in the interschool championships. The following five students placed in the top ten of their individual age groups: Meredith Head - 2nd, Marina Jones - 3rd, Shabion Dill - 8th, Lisa Turner - 9th, Carol Ann Williams - 9th

### Field Hockey

Our boys' and girls' hockey teams won a total of five championships. Our under 18 boys' team won the BLHA/BHA tournament held at the National Stadium on April 21. The senior girls' team won both the league and tournament, while the junior girls won the tournament and stickwork competition and placed second in the league. Our junior "B" team placed second in the stickwork competition. Lawreida Thomas placed first and Carmen DeShields placed third in the goalkeepers' competition. Individual achievements in the Rose Award programme are as follows: Juniors: Jamal Burgess - 4 Rose Awards, Victoria Meredith - 3 Rose Awards, Catherine Ross - 3 Rose Awards, Seniors: Guy Perez - 2 Rose Awards, Kevin Sullivan - 2 Rose Awards, Robert DeSilva - 2 Rose Awards, Nicole Tatem - 1 Rose Awards, Emma Birmingham - 1 Rose Awards, Jennifer Miller - 1 Rose Awards, Claire Jessey - 1 Rose Awards, Lisa Hansford-Smith - 1 Rose Awards

### Rugby

The under 14 rugby team won every match and, consequently, won the league cup. They scored a total of 148 points and conceded only 28 points. Top points scorers were: Jamal Burgess 52, Kenneth Amis 48, Anthony Moura 18

Team captain was Jamal Burgess, and Kent Hayward was the most determined first year how showed great improvement over the season.

### Softball

The junior girls won all but one game to place second in the interschool tournament.

### Swimming

The girls defeated Bermuda High School and three other schools to win the championship. The boys placed second behind Saltus, while easily defeating three other schools. Team standings were as follows: *Girls* Warwick Academy 187, B.H.S. 127, M.S.A. 92, Northlands 75, Berkeley 42, *Boys* Saltus 231, Warwick Academy 109, Northlands 75, Berkeley 28, M.S.A. 16

### Tennis

Under the capable leadership of Messrs Alistair Smith and Andrew Wrigley, the Warwick Academy boys and girls tennis teams were undefeated in all matches against Northlands, Saltus, Chaffee and Berkeley. Team members include: *Under 14 Boys* Arnold Todd (Capt.), Richmond Simmons, Jeffrey Tyrrell, David Cunningham, Jason Kyme, *Over 14 Boys* Guy Perez (Capt.), Andre Lambert, Brett Marshall, Joe Amaral, Craig Waterman *Under 14 Girls* Michelle Brock (Capt.), Nicola Martin, Katie Patton, Tonla Ritchie, Elizabeth Pimental, *Over 14 Girls* Celestina Carey (Capt.), Lisa Fothergill, Jennifer Rego, Mair Hughes, Shevaun Adcock

### Volleyball

The girls' junior and senior teams won both tournaments and, in addition, the senior girls placed second in league play.

### Literary Activities

Although there is some overlapping with other school clubs, debating, declamation contest, student newspaper, and yearbook are considered as literary activities.

### Debating

Last year was a very successful year for the Debating Society under the capable leadership of Mr. Paul Kreller. In all, fifty (50) students participated.

### Declamation Contest

The Declamation Contest took place on December 18 with the entire student body in attendance. There were considerably fewer entrants than in previous years, but the standard was very high, with most students choosing the more serious topics. Mrs. Helle Patterson, from Northlands, Miss Barbara Tilney and Mr. Paul Kreller were judges. The finalists were: 1st Fredericka Wilkinson (4N) - Robertson "Bermuda vs America, the final game", 2nd Kathy Hubbard (2M) - Morgan "Bermuda vs America, the final game", 3rd Arnold Todd (2M) - Morgan "Marijuana, legislation would solve the problem".

### Student Newspaper

The thirteen members of the Ursa Facta staff, directed by Mr. McGaw, published a four-page issue in December, 1984, which was the most rewarding financial success ever. Two hundred and sixty dollars (\$260.00) were raised of the three hundred dollars production cost. The issue highlighted the Music Department of Warwick Academy and featured an interview with the local Bermudian band "Sharx" conducted and written by staff members.

In the new year, the newspaper was sent to the Libraries of ten North American colleges and universities where Warwick Academy graduates have attended. The librarian of the University of New Brunswick replied, stating that she thought the paper would be of great interest to Bermudians there. A permanent record of all past issues of the school newspaper was left with Miss Dore Duggan to put together in a display in the Warwick Academy library. Student members of the newspaper staff include: Tinee Lupporelli, Fredericka Wilkinson, Shannon Sanders, Tracey Bruton, Nicola Belboda, Jody Smith, Sabrina Richardson, Nicola Pacheco, Sarah Jordan, Adam Gauntlett, Tammy Richardson, Rlorita Gilbert, Crystal Smith.

### Yearbook

Under the supervision of Mr. Rod Monroe, the 1984-85 yearbook publication was another example of quality work by our pupils. The following pupils made a significant contribution to the Yearbook: Business Manager: Zelia Botelho, Advertising: Shawnette Symonds, Allison Mallory, Tracy Cochrane, Fund Raising: Maria Rodriguez, Sandra Montz, Lisa John, Jonelle Simmons, Maria Pacheco, Ronna Hayward, Jerry Dee Johnson, Calvina Wales, Raquel Wilkinson, Lisa Woods.

### Clubs

In addition to interschool and interhouse competition, the school provides a variety of other extra-curricular activities which are not normally competitive in nature. The club activities include: Art, Band/Orchestra, Bible, Chess, Choir, Computer, Cookery, Drama, Gymnastics, Jogging, Science, Tennis, Water Polo, Weight Training and Woodwork. Some of the activities of these clubs are highlighted below:

#### The Art Club

Under the supervision of Mr. Wayne Kullessa, the art club provided students with the opportunity to study a wide variety of art techniques which will be of great benefit in the pursuit of leisure-time activities. The three clubs, Oil Painting, General Art and First Year Art, met weekly throughout the year. Approximately fifty (50) pupils, who took advantage of the opportunity, made considerable progress during the year. Some of the art work produced were of sufficiently high standards to warrant exposure at the Secondary Schools Exhibition and the Agricultural Exhibition.

#### The Drama Society

Under the direction of Miss Barbara Tilney, the drama society presented "Ulysses" by Ken Pickering and Keith R. Cole, at the Phoebe Purvis Memorial Hall on November 29, 30, and December 1. The play was an up-dated "Rock" version of the old Greek myth of Ulysses. Students put in many hours of hard work and the play was a great social and financial success.

#### The Tennis Club

Under the capable and enthusiastic leadership of Messrs. Andrew Wrigley and Alistair Smith, the tennis club provided over fifty (50) students with a quality programme. Recreational and interschool participation continued to maintain a very high degree of quality and enthusiasm.

#### The Chess Club

Under the supervision of Messrs. Bela Buchmann and Nell Curley, the chess club met on Tuesdays and Thursdays. Games played were scored

three (3) points for a win, two (2) for a draw and one (1) for a loss. The end of year results were as follows:

#### The Computer Club

This was created in 1983 to allow as many fifth year pupils as possible to gain experiences in the use of computers. In 1984, membership was extended to second, third, and fourth year pupils, thereby increasing membership from fifteen (15) in 1983 to thirty-six (36) pupils in 1984. The Club met four times weekly under the supervision of Mr. David Hollins and Mrs. Barbara Solliss.

#### The Concert Band/Orchestra

Under the direction of Messrs. Paul Moxon and Warren Jones, the concert band and orchestra continues to grow and provide entertainment for various groups throughout the island. Performances throughout the school year include the following: Band: October: Talented Teen competition at Ruth Seaton James Auditorium November: Warwick Academy Prize Giving December: Warwick Academy Christmas Concert February: Festival of Performing Arts April: St. George's Primary St. David's Primary Francis Patton Primary May: Warwick Academy String Concert Orchestra: Warwick Academy Association, Warwick Academy Christmas Concert, Warwick Academy String Concert.

#### Interhouse Competition

The interhouse programme is administered by the Interhouse Council under the direction of the Interhouse Coordinator. The Council includes: Coordinator Mrs. Evelyn Driscoll. House Masters and Mistresses: Morgan: Robert Chandler, Patricia Hanlon, House Captain: Morgan: Jamie Harvey, Robin Johnson, Andrew Griffith, Raquel Wilkinson, Jennifer Richards Patton. Allison Mallory, Marvin Taylor, Rlorita Gilbert, Ijumo Hayward, Rhodes: Lisa John, Shane Richardson, Georgina Todd, Sophia Cannonier, Bruce Redman, Andrew Richardson, Robertson: Marc Betschart, Tracey Cochrane, Brett Marshall, Fredericka Wilkinson, Patton: David Hollins, Barbara Solliss, Rhodes: Denton Hurdle, Anne Coakley, Robertson: Bela Buchmann, Morag Lomos.

## MR. PAUL KRELLER

Mr. Kreller has decided to return to Canada after 12 years in Bermuda. The students have known him as a teacher of Latin, or Greek Literature, or Religion, or English Language or English Literature. Others have known him as the Newspaper Editor, a Yearbook Organizer or President of the Debating Society. I think that I will best remember him as the High Jump director on Sports Day. No matter what the task, Mr. Kreller brought an abundance of enthusiasm and commitment. His attitude was the same, whether ploughing through Latin exercises or recording the latest effort of a student at the High Jump.

We salute you Mr. Kreller

Parting is always sad,  
But let us not fret too much,  
Life is made up of comings and gangs  
There are bound to be many partings-many  
meetings  
And we must take them all  
In our stride.

I hope these pictures then  
Will help to keep alive  
A constant happy memory  
Of beautiful Bermuda-  
The land which you shortly will be leaving,  
But to which you will surely return  
Some Day

# Be a model

(or...just look like one)

Since 1939 The Barbizon School at Fifth Avenue in New York City has trained thousands of girls either for modeling careers...or to develop the "look", poise, and confidence that could make the difference in whatever you do in life. Now there is a franchised Barbizon School right here! Our new 32-page book may start you on your way. Send coupon today for your copy. No obligation to girls 13 or older.

## People you know... helping Bermuda meet the challenges of a changing world.

Since our establishment in 1889, we have developed into an international bank and trust corporation offering comprehensive facilities from our offices in London, Guernsey, Hong Kong and New York as well as from our Head Office and branches in Bermuda. We are still, however, a Bermudian owned, independent bank proud of our role in the development of the international business conducted from our shores.

We offer comprehensive services including foreign exchange, euro-currency deposits and a full range of trust and investment facilities for individuals as well as multinational corporations, Pension Funds, Mutual Funds, and Unit Trusts. Our investment managers will be pleased to discuss with you the investment services, which we offer through our internationally diversified managed Funds; or individual portfolios, where we have advisory or full discretionary responsibilities.
